## TRI-TOWN AMBULANCE AND EMERGENCY RESCUE SERVICE, INC.

---

### Town of Greenwood:

The members of TTAERS would like to take this opportunity to thank the people of Greenwood for their continuous support of our organization. Due to the efforts of all four towns involved, we were able to accomplish many things that are necessary to provide a free twenty-four hour ambulance and rescue service to your community. Your town subsidy and the many private donations you so freely gave have enabled us to purchase and equip a 1981 Ford Van ambulance which is housed in the old fire station in West Paris. We have also been able to make the necessary repairs on our Dodge ambulance and update equipment for it. Work has begun on a second rescue barn to be based in the town garage in Woodstock. With an ambulance in each of these locations, we will be able to provide faster and more continuous service to all four towns.

Training has continued on all levels and we are constantly on the lookout for new members. If you don't feel ambulance work is for you, we have a newly formed Auxiliary that would be glad to have you as a member. While Ambulance Personnel works hard to provide the communities with well trained medical help, our Auxiliary works equally as hard continually raising funds to keep all aspects of TTAERS functioning. If you are interested in volunteering some of your valuable time to our organization, please contact any TTAERS member and they can provide you with the necessary information you will need.

Again we would like to thank you for your support and we look forward to another year of service to your community.

Respectfully submitted,  
Cynthia I. Bean  
President/Coordinator

## WESTERN MAINE TRANSPORTATION SERVICES, INC.

---

WMTS was founded in 1976 as a non-profit agency specializing in free-of-fare transportation to elderly, handicapped and low income persons on trip priority basis. Since 1976 WMTS has grown into a full fledged transportation company, providing public transportation on both fixed route basis and scheduled demand/response. WMTS now requires fares to be paid along with some free of fare service. WMTS is available to all residents of the Androscoggin, Franklin and Oxford tri-county area five days a week.

First be sure to familiarize yourself with the days the WMTS bus comes to your town then for service, dial your local dispatcher at least twenty four (24) hours in advance.

Once your ride has been set up by the dispatcher a fare may be levied (payable upon boarding the bus) depending on your personal circumstances and/or trip type.

The minibus is and will continue to be successful as long as you, our ridership, continues to enjoy and utilize our service.

## MINIMUM LOT SIZE ORDINANCE TOWN OF GREENWOOD

---

### DIMENSIONAL REQUIREMENTS FOR BUILDING LOTS

Building lots shall meet or exceed the following minimum requirements:

- A. Minimum Lot Size  
40,000 square feet.
- B. Minimum Frontage  
Lots shall have a minimum frontage of 150 feet on roads and shore frontage. Shore frontage distance to be measured in a straight line between the points of intersection of the side lot lines with the shoreline at normal high water elevation.
- C. Minimum Yard Dimensions  
All principal and accessory structures shall be set back at least 50 feet from the road limits and 20 feet from all lot lines.
- D. Maximum Lot Coverage
  - 1. Structures shall not cover more than 20% of any lot.
  - 2. If more than one principal building is constructed on a single lot, all dimensional requirements shall be met separately for each principal building.

## REPORT TO THE TAXPAYERS OF GREENWOOD

The year of 1981 was a busy and challenging year for our town and its officials.

The town purchased the existing dump site from American Home Products.

The state constructed a section of the Mud Pond Road with State Aid Funds and supplemental funds from the town. Under the Block Grant Program, the state will be turning back to our town a section of the Gore Road, a section of Route 35, and the Greenwood Road from the intersection of Howe Hill to the Norway Line, effective July 1, 1982.

The road crew has moved to the new Town Garage which is complete except for a few finishing touches.

In an effort to lower Greenwood's school assessment, the board of selectmen and school board member Harry Swan, Jr. with the Town of Newry representatives petitioned for a change in the school assessment method. This action was taken to somewhat equalize the assessments in the district by means of basing part of the assessment on the number of students in each town instead of the current method of basing entirely on state valuation. It was our hope to have the method changed to a 50% per student and 50% state valuation. The other towns of the district defeated any change in the method.

In an effort to insure public safety for our citizens, the planning board and board of selectmen worked together and petitioned for the State Dam Inspector to conduct an inspection of the dam located near Ekco Wood Products after the recent repair work had been completed. The inspector found the dam to be unsafe and ordered the dam owner to take corrective measures to insure public safety.

The Assessor will be working weekends in the months of April, May and June again this year.

The budget as it is recommended will increase over last year approximately 10.6% for the town appropriations. This percentage is based only on town appropriations and does not take into consideration the school assessment increase or decrease, or the county tax increase or decrease.

I would like to take this opportunity to thank Norman and Herbert for their valuable assistance and cooperation during the past year. I also would like to express my appreciation to the other officials, board members, and employees for their dedication in serving the citizens of Greenwood.

DIANE L. HOWE, Chairman  
Board of Selectmen

Locke Mills, Maine

I have examined the financial statements of the various funds of the Town of Greenwood for the year ended December 31, 1981, listed in the foregoing table of contents. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In my opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the Town of Greenwood at December 31, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented per statutory requirements and as additional analytical data. The information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

**NOTES TO FINANCIAL STATEMENTS**  
December 31, 1981

**1. Summary of Significant Accounting Policies**

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units.

**A. Basis of Presentation**

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. The various funds are grouped by type in the financial statements.

### Governmental Funds

General Fund - The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Fund - Special revenue funds are used to account for revenues derived from the specific taxes or other earmarked revenue sources, including federal revenue sharing funds.

### Fiduciary Funds

Trust Funds - Trust funds are used to account for assets held in trust by the Town for others.

### Account Group

General Long-Term Debt - This account group is established to account for the long-term debt that is backed by the Town's full faith and credit.

### B. Basis of Accounting

The modified accrual basis of accounting is followed by the General, Special Revenue, Trust and Special Reserve Funds. The modified accrual basis of accounting is defined as the basis of accounting under which expenditures are recorded as incurred and revenues are recorded when received in cash except for material and/or available revenues which are accrued to reflect properly the taxes levied and the revenues earned.

### C. General Fixed Assets

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

## 2. Property Tax

The Town's property tax for the current year was levied October 15, 1981 on the assessed value as of April 1, 1981, for all real and personal property located in the Town. Taxes were due on December 1, 1981 with interest at 24% charged after that date retroactively to November 1, 1981.

## 3. Pension Plan

Eligible Town employees are covered under Social Security. The Town's contribution was approximately \$3,300.

## 4. General Fund Budget

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles, on which, amounts for appropriations have been recommended by the Board of Selectmen and/or the Budget Committee.

## 5. Appropriated Fund Balance

Historically the townspeople vote to carry certain departmental unexpended balances and/or overdrafts forward to the following year for expenditure. This is usually in lieu of additional appropriation in any particular account.

At December 31, 1981 the following account balances were carried forward:

Office Salaries and Administration	\$10,182.82
Dog Ordinance	11.00
Civil Emergency Preparedness	606.97
New Fire Equipment	359.43

## CIVIL EMERGENCY PREPAREDNESS REPORT 1981

---

The year 1981 has been a busy one for Greenwood CEP. We have been involved in several areas to a greater extent than in the past.

Our town has been designated a host town for part of Falmouth in the event a nuclear accident or strike requires the evacuation of the Greater Portland area. Plans had to be developed and submitted to the county, state, and federal governments.

The state legislature passed an emergency bill, which took effect in June, that requires town CEP directors to monitor all waters within their jurisdictions for flood conditions. In the event ice or other debris accumulates and causes a flood hazard, the municipal officers in consultation with the CEP director are required to take steps to remove the hazard. Furthermore, the CEP director must notify local organizations who may be affected prior to the removal. A contingency plan for dealing with such an emergency must be developed.

This year two new members have been equipped with radio scanners allowing us to provide continual coverage within our area. I wish to thank John Mills and Ronald Smith for their participation.

By town meeting we should have acquired the basic equipment necessary to equip a first response rescue unit. As minutes can mean the difference between life and death, I hope enough interest will develop in town to take advantage of this equipment.

Respectfully submitted,  
RAYMOND W. SEAMES  
Director, CEP
